

ASTRON Sprint Power Syn SAP 10W-30

High-performance engine oil for low-emission engines

Properties

ASTRON Sprint Power Syn SAP 10W-30 is an all-season, high-performance engine oil for low-emission engines. Exhaust gas turbocharging and intercooling place significantly higher mechanical and thermal demands on engine oils. These more stringent operating conditions are safely mastered even with extended oil dwell times. A reliable cold start at low external temperatures and full lubricity at high operating temperatures are ensured.

Use instructions

ASTRON Sprint Power Syn SAP 10W-30 is used in particular in heavy-duty Euro IV, Euro V and Euro VI commercial vehicle engines with exhaust aftertreatment. In addition, it can be used for commercial vehicle and passenger car diesel engines with and without charging, as well as in Otto engines (mixed fleet). Engine oils in this performance category are recommended for extended oil change intervals.

Specifications:

- ACEA E6/E7/E9
- API CK-4/SN

Recommendations*:

- Caterpillar ECF-3 / ECF-2 / ECF-1
- Cummins CES 20086 / 20081
- DDC 93K222 / 99K218
- Deutz DQC IV-10LA
- Mack EOS-4.5
- MAN M 3477 / 3575 / 3275
- DTFR 15C110 (228.51)
- DTFR 15C100 (228.31)
- MTU Type 3.1
- Renault VI RLD-4
- Volvo VDS-4.5 / VDS-4

TYPISCHE KENNWERTE	METHODEN	EINHEITEN	ASTRON Sprint Power Syn SAP 10W-30
